ABOUT THE SEMINAR

The national education policy-2020 proposes the revision and revamping of all aspects of the education structure

including its regulation and governance, to create a new system that is aligned with the aspirational goals of 21st century education including SDG-4 with the focus on India's traditions and value systems. The national education policy - 2020 is list on document in the contest of nation building which is expected to overhaul the entire academic system in the country from pre primary to territory level. The policy has introduced a new subjects at reduced the load of the curriculum on the students. The evolution and assessment have also been transformed which will certainly eliminate examination phobia from the students. NEP- 2020 is primary based on a multi disciplinary of education through which every child will be allowed to do what he loves to do as an important step towards. Nation building NEP- 2020 is a forward looking proactive policy having all round inbuilt flexibility for all the stakeholders specially like getting degree at FastTrack, modular entry and exit having subjects of their choice. Students mobility from one institution to other in between the program by having academic Bank of credit(ABC) getting fast track promotion, centralized research funding, graded autonomy to the colleges etc. the seminar is aimed to discuss these issues in details.
